SCAN ME

Indiana Surgery and Vascular Center hosts an open house for its new Vascular Center clinic from 5:00 to 7:00 p.m. Thursday, April 25th at 5540 S East St, Suite 100, Indianapolis, Indiana 46227, United States

Activities include a tour of the center, light hors d'oeuvres, and educational booths that will allow you to get a closer look at the medical devices used in the clinic. The event is free to the public, parking is available in front of our new facility.

Our new 6500-square-foot clinic features:

- Two surgical suites
- Six patient bays
- Same-day scheduling for procedures

We have the potential to significantly improve the experience and outcomes for patients with vascular conditions. Indiana Surgery and Vascular Centers' goal is to offer minimally invasive treatment with an emphasis on patient education, early diagnosis, prevention, and maintenance.

Services provided:

- Angiogram/Fistulogram
- Angioplasty / Stent Placement
- Fistula Maturation
- Thrombectomy
- Vessel Mapping
- PD Catheter Insertion and Removal
- Ellipsys PAVF Fistula Creations
- HD Catheter Insertions, Exchanges, and Removals

To RSVP, [CLICK HERE](#) or call (317) 634-0920.

About ISVC:

Indiana Surgery and Vascular Center is a division of Indiana Kidney Specialists Nephrology Practice which is dedicated specifically to interventional procedures to maintain dialysis access. We have an experienced and skilled staff including interventional nephrologists, registered nurses, radiologic technologists and certified scrub technologists. Procedures can be performed under conscious sedation or local anesthesia.
